4.3.1. Institution frequently updated its IT facilities including Wi-Fi.

The campus has been enabled internet service with 100MBPS bandwidth on 24*7 supports, providing anytime anywhere access to knowledge and learning resources, keeping in line with demand from students and faculty. Over 200+ LAN points were augmented across the campus computer and office spaces. The campus backbone network was upgraded from 50MBPS to 100MBPS and WiFi access points over 30+ numbers were deployed across the campus in both academic blocks and hostel block for 24*7 internet service for enabling students and faculty to stay connected and access the academics content, anywhere in the campus. In our Data Centre the servers and networks are maintained and provide Computing facility with Network connectivity, across the Data Centre. The Computer Maintenance cell(CMC) consisting of all the system staffs will work under one roof taking care of the Network, Hardware, Software, Projector and Ups maintenance activities of the Institution. In this connection email ids are created for the queries related to system services, Network Issues and Hardware Issues.

Over 100+ Desktops were deployed in the Computer labs across the Campus to giving Computing facility to the students and facility to the Students and faculty for Hands on practical session. Created and provided internet connectivity to Digital Library with 24*7 central computing service with CMC system staff on day and night shift.
