Nagarjuna Institute of Technology, Engineering & Management have been designated as host Institute for implementation of the Incubation component under MSME Innovative Scheme in order to encourage NIETM students to become entrepreneurs.

The Department of civil engineering created workbench on Google classroom for individual subjects in order to improve information transfer and e-learning. Furthermore, Department works on live projects. These projects are expected to result in sufficient knowledge transfer between the student and the teacher. Some of the research findings have been presented and published in variety conferences.

The CSE department has signed a MoU's with several parties with the intention of collaborating on trainings, knowledge sharing and software development etc.

The Electrical Engineering department has a student-volunteer group that works to improve student cooperation, coordination so that they can learn all of the skills that are not covered within the confines of a classroom.

The first-year engineering department organizes an induction program to help aspiring engineers develop holistically.
