## Strategy Development and Deployment

### 6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

**Teaching and Learning:** -The planning and organization of the online teaching, learning and evaluation scheduled for all the programs in each discipline is done by the Dean Academics respective and Heads of Departments. For effective teaching learning process, online teaching is encouraged with the use of power point presentations, NPTEL lectures etc. In order to provide ample academic flexibility to teacher's students self-learning topics, mini projects are given to students. Also, various guest lectures, seminars, workshops, Industrial visits, skill enhancement programs are conducted for students for developing their technical skills. Based on this, suggestions feedbacks are obtained from students Stakeholders which are analyzed and used for continuous improvement.

**Library, ICT and Physical Infrastructure / Instrumentation:** -Library has adequate volumes for all the departments. Digital library facilities with adequate online journals. National and International online journals are also provided. Library administrations like issue / return of books are maintained through library software. Every year, updated volumes of books are procured based on the requirements from all the departments. Every class has one compulsory library hour / week for permitting the students to access the reference books and journals which augments the learning process. Apart from the central library, every department has a Department Library and NPTEL videos for various subjects.

**ICT tools. :-** For most of the subjects power point presentation is being prepared by the faculty members and it is used for taking classes in an interactive way.

**Physical infrastructure/instrumentation:** Under a supervisor, a dedicated team maintains the academic infrastructure and other facilities of the Institute.

**Industry Interaction / Collaboration:** -The institution emphasizes upon career development of the students. This is achieved with establishment of MoUs with reputed industries to enhance Industry Institute Interaction activities like internships, industrial visits, implant trainings, value added courses, industrial projects, guest lecturers etc., for the benefit of students. Entrepreneur Development Cell (EDC) is functioning for enhancing the industry institute relationship. Industrial visits, in plant training and internship programs to the students are arranged for getting practical exposure and knowledge in the industrial environment. Training programs are provided to the faculty members from industry to update their knowledge on present day industrial scenario.

**Research and Development:** -The Research and Development Cell is established at institute level with an aim of promote research and development activities in newly emerging and challenging areas of Engineering and technology, Science and Humanities. Faculty members are monitored to publish research paper in the peer reviewed International & national journal and Conferences. They are encouraged to attend Workshops / Seminars held in other reputed organization and present papers. They are also encouraged to organize various workshop/seminar at department levels. Students are always motivated and encouraged to present their talent ideas in form of project and poster presentation not only at department level but also in other reputed institute to seek prizes in the competition.

**Human Resource Management:** -The Institute appoints qualified faculty members as per AICTE/Govt. of Maharashtra norms through the procedure of open advertisement and interviews are conducted by the expert committee nominated by the university. The Institute organizes various orientation and enrichment program for both teaching and supporting staff members for upgrading their skills in the latest technology. Employee provident fund facility is provided to all regular staff. Special seven days leave is given for marriage of the staff. The ward of a staff member will be provided with a concession of 50 in the tuition fees, if he/she is willing to take admission in the school and the Institutions run by Maitery Educational Society. Institute offers medical insurance for the staff members and students. Medical leave provision is given to the faculty and staff members based on the request. On duty is provided for pursuing higher studies, attending enrichment courses/seminars/conferences/workshops and exam duties as per the policy of the Institute.
