Technology & Management

1. Discussion to promote research that enhances progress and well-being;

It was unanimously decided that we need to have some more research activities carried out by the faculty members of Mechanical, Electrical, Civil and Computer Science branches to enhance their progress and well-being.

2. Discussion to promote and support fair and honest research initiatives.

It was discussed that it is very important to promote the good quality research work among all the faculty members which can be published in Springer and Elsevier Journals.

3. Writing of research papers should be ethical and it should be clear concise and accurate.

IQAC Coordinator suggested that the faculty members must publish their research papers in reputed International and National Journals, IEEE Conferences, UGC listed and Scopus Indexed Journals.

4. Discussion to create and maintain an environment for the free exchange of ideas.

It was decided unanimously that free and fair exchange of ideas among the faculties and students of various departments must exist in the college campus for the development and growth of the institution to the higher level.
