Hon. Shri Ajay Waghmare
President
Maitrey Educational Society,
Nagpur

FROM THE DESK OF PRESIDENT

It gives me an immense pleasure to greet all the authors, poet, creative designers, young and enthusiastic youths of NIETM, on the occasion of publication of their, 'Journey 2023'. You all are travelling on the path of technical and management education, and expressing your emotions through artistic literature. This exhibits a sensual human being's presence in the 24 X 7 technical environment. I am very fortunate to be a part of young and energetic aura of youths of NIETM. The career you are pursuing is a means to earn your livelihood, but the emotions you

have expressed are acting as a real fuel to gain the speed in your current endeavor.

NIETM is committed to provide opportunities to all its stakeholder to grow in their respective areas. The growth of hidden skills are nurtured in the campus through motivation and promotion of the abilities of students as well as employees contributing their services. We believe in development of an individual in every area of their life, this will empower them to face challenges. The participation of students in social activities, national schemes, awareness campaigns, blood donation camps, seminars, sports, arts and cultural events, leadership programs are some of the events.

Great Congratulations to all the students, who participated in different events throughout the year and to those who excelled in addition to technical events. Your content in the magazine will be a road map of your journey in your future creation. I wish you all the best....

Hon. Kuldeep P. Ramteke

Treasurer

Maitrey Educational Society,
Nagpur

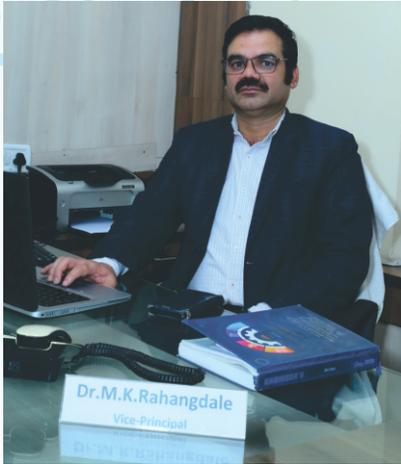

FROM THE DESK OF SECRETARY

In the world governed by technology, we at NIETM, put in our sincere efforts to keep pace with the rising demands of technology. NIETM stands for excellence, perfection and discipline. Our major focus and our concern are our students and our institution strives to impart the best knowledge for promoting and pursuing multidisciplinary engineering in the most disciplined manner.

A vision without action is nothing but a dream; action without vision is waste of time; but vision with action changes our lives. So we have a vision to develop a knowledge based society with clarity of thoughts and the edge of excellence in the endowment of teaching and learning process. Our focus is on imparting holistic Education, develop a community of scholars with talent and expertise that will participate in engineering excellence and national development and culture the students through intellectual inputs and transformational activity, centered experimental self discovering process to embolden them to assume responsibility, to take charge and act rightly and effectively as well.

I wish that our students will Come forward to learn, go forth to serve and excel into the world with great strength, not only to do job but to remain beautiful human beings.
