7.3.1 Portray the performance of the Institution in one area distinctive to its priority and thrust.

Sustainable Landscaping with Green Environment Campus:

Designing, creating, and maintaining landscaping with a focus on energy and cost savings is termed as "Green Landscaping. "Sustainable landscapes create healthy recreational areas while lowering pollution levels in the air, soil, and water. Pollution free environment creates healthy atmosphere among all with fresh minds and activeness. A planned landscaping with green environment is also beneficial in effective utilization of land area.

Location of the Institute

The campus is spread over a total of 12 acres of land area, located at Satnavri village Nagpur and a home of a large number of students coming from different region of Maharashtra and nearby state of India. Institute's campus is beautiful, greenish, picturesque and having conducive and pollution free environment for the studies. The Institute is at a distance of apprx.35km from Bus Stand & Railway Station, Nagpur.

The description of infrastructure is presented as under:

Environmentally friendly infrastructure includes:

- Lush green campus with wide variety of trees and other small plants.
- Large variety of flowering and ornamental plants arranged in well planned way, multiplies the beauty of appearance.
- Environmental study is a qualifying subject as a part of curriculum for all the undergraduate courses as per the direction of affiliating university keeping in view the environmental consciousness among students.
- All the infrastructure is surrounded by the trees.

Planned Architecture with landscaping

The Institute is developed based on proper planning and architecture keeping in mind the sustainable landscaping with proper utilization of land area. All infrastructures are constructed based on scope of future expansion.

Main Building & Departments

The main building named Main Block is well-constructed in third floors with almost a square appearance in about 2 acres of land area. The central area of the building acts as an open theater like with steps and a stage to organize various functions and events in the institute. The top of this open square area has been covered with slap to avoid rain and dust. There are continuous lanes of trees on the sides of the paths both pedestrian and the metallic paths. The main block has all its administrative set up comprising of Chairman's, offices as well as accounts office, main office, counseling rooms, Library section, Laboratories, HOD's offices, department wise class rooms etc. All the amenities and facilities are well furnished with clean environment. All classrooms and laboratories in institute are fitted with sufficient number of transparent glass panes well ventilated, lighted with sun light and spacious.

Infrastructure: Canteen & Mess

The canteen of the institute has rooms provided with sufficient furniture comprised of good number of chairs and tables. The rooms are fully airy and well lighted with all its window panes having transparent glasses. The mess, situated in canteen room is well ventilated and lighted with good sitting arrangement for boys and girls separately. It prepares all eatables for breakfast, lunch and dinner including evening refreshments in clean environment by well dressed chefs.

Infrastructure: Hostels for Boys and Girls

The institute provides the facility of stay within the campus for boys and stay within the Nagpur city for girls. There are two separate boys' hostels and two girls' hostel situated separately at some different places in Nagpur city. Also, in each hostel and mess RO is installed for drinking water purpose.

Infrastructure: health and hygiene

- Institute provides clean and hygienic basic amenities to staff and the students.
- RO water supply system supplemented with water cooler is installed at every floor in the institute to provide pure and bacteria free drinking water.
- Big spacious and ventilated toilets are provided at every floor of the square building.
- The girls' common room is provided with vending machine and a bed to be used by any ailing girl student in case of emergency.

Infrastructure related to Sports and games: Physical development among students

The institute has a big land area meant for various games and sports in its campus like football, cricket, basketball, badminton, volleyball and kabaddi grounds are well maintained by the sports committee. Indoor games like Table tennis, Carom, Chess etc. are also available for students.
